Prices subject to change without notice. Travel fees will be added based on estimate miles round trip from shooting location to homebase Hazleton, PA. No travel fees within Hazleton or 15 miles from homebase. \* Edited images will be provided to client in a low web resolution file after invoice is fully paid for. \*\* Hair services does not include extensions or other similar hair products, if you need this it is available with additional fees.

# DESTINATION PHOTOSHOOTS ✈️

*Travel is a personal love and passion with me, and I thought why not offer destination photoshoots for fellow high school seniors who may also have that love. Anywhere in the world.*

## HOW IT WORKS?

*I will announce travel plans where I intend to go way in advance on my facebook page and destination email newsletter (which you can sign up on [ChrisAdvalPortraits.com](http://ChrisAdvalPortraits.com)). And if you want to meet up while there, there is no travel fee. We are just meeting up for a session like if it was local to my homebase in Hazleton, PA.*

## WANT TO PITCH A TRIP IDEA?

*Simply send me a direct message on social media or email me at [chris@chrisadvalproductions.com](mailto:chris@chrisadvalproductions.com). My goal is to travel the world as long as its safe to carry around expensive camera gear.*

## A NOTE TO KEEP IN MIND.

*When we are on a destination shoot keep in mind your session length of time. Each of my packages include a certain time frame. While on these destination shoots we will be in areas I never been in and can extend time of the shoot than local shoots. I will study hotspots as much as I can for best shots and safety, but while shooting I will adjust as needed which can also extend the time.*
